MOTORSPORTS AUDIO

For over 35 years Rockford Fosgate® has made lifestyle products that deliver the ultimate audio experience in cars, boats, and recreational vehicles. Rockford continues to be a leader in the audio industry by designing and engineering products to connect enthusiasts to their music and machine. Creating components that deliver high performance sound for the most demanding connoisseur is what drives Rockford to continually elevate the listening experience.

Truly a line designed by fanatics for fanatics, our motorsports family of products are developed by the same people that use them in their everyday lives. Living the lifestyle and being able to interface with our customers gives our design and engineering groups a unique perspective to be able to deliver top quality products that perform to the Rockford Standard.

**WHETHER YOUR PURPOSE IS TO HAVE THE
BEST OF THE BEST OR TO SIMPLY UPGRADE
YOUR STOCK SET UP, ROCKFORD FOSGATE
PURPOSE BUILDS AUDIO FOR YOU. THE
POWER, PUNCH, AND PRIME SERIES ARE
LOADED WITH FEATURES TO HELP YOU
ACHIEVE THE AUDIO EXPERIENCE THAT
BEST SUITS YOU.**

P O W E R

□ The Power family of products is built using the highest grade of materials and components available. They are designed for those customers who want not only the best products, but the best sound possible from their audio systems. If you are a self-proclaimed Superuser of audio, then the Power family is for you. □

S E R I E S

P U N C H

□ The name that started it all, our PUNCH family of products represents the heart and soul that is Rockford Fosgate. Perfect for the person looking to build an amazing sound system without needing to break the bank to get it, the Punch line delivers that signature Rockford sound every day. □

S E R I E S

P R I M E

□ Whether you're new to audio or on a limited budget, the Prime family of products is a perfect choice for that first audio system. Designed with much of the same technology as its bigger siblings, the Prime line provides amazing sound quality and output at a no frills kind of price tag. □

ELEMENT READY®

EXPLAINED

Knowing your life isn't restricted to just your vehicle, Rockford has introduced a whole new line of "Element Ready" products. These products are built from high grade materials, and put through intense environmental testing. Whether cruising the asphalt on your motorcycle, hitting the trails in your UTV or relaxing on a sandbar enjoying the tunes from your boat, Rockford Fosgate's Element Ready™ products will ensure your music sounds as good as it does in your everyday ride.

SOURCE UNITS

Developed from the ground up to not only be feature rich, but simple to use, our line of Element Ready™ source units provides you a solution no matter how large or small of a system you want to design. Using direct input from our customer base and our real world experience, our engineering team has created a lineup that delivers the features that you want in a package that stands up to the abuse of the off-road environment.

- + IP certified design guards against dust and moisture intrusion
- + Easy to navigate menu system
- + Easy to read displays, even in full sun
- + Feature rich designs to fit your lifestyle needs

P R O D U C T H I G H L I G H T

PMX-2

The core for our motorsports kits, the PMX-2 offers best-in-class features including, Bluetooth™ connectivity, and ultra-bright screen for easy viewing in full sunlight. This unit is also ideal if you are looking to add sound without additional amplifiers. Don't worry about getting it wet or dirty, this unit is IPX6 so it's built to stand up to the elements.

PMX-OR

Control doesn't always have to come from the driver. Adding the PMX-OR allows your passengers in the back seat to drive the audio controls. The small footprint makes it easy to mount virtually anywhere. Just like all of our radios, it's built to survive the elements.

P R O D U C T H I G H L I G H T

TM400X4ad

The Power TM400X4ad is an Element Ready™, 4-channel amplifier that packs some serious output in its compact design. Utilizing Rockford's C.L.E.A.N. technology, it's easy to maximize your sound. Full throttle, full volume - this amp stays cool no matter how hard you push it.

PBR300X4

If your vehicle has a lot of power hungry accessories already, don't worry about adding the Punch PBR300X4. It's able to produce a lot of power without draining your battery. Its compact size makes it easy to install and still allows you to amplify your entire system.

AMPLIFIERS

Packed with power, our amplifiers are specifically engineered to perform out in the elements. With a full line of compact chassis mono and multi-channel options, all of our Element Ready™ amplifiers* are equipped with features that put you in control of your audio experience.

- + CLEAN technology for a fast and accurate set-up
- + Efficient design for minimal electrical impact
- + Compact size for maximum space savings
- + Dual Fan cooling design eliminates dangerous heat buildup*
- + Models ranging from 300 to 1000 watts

**On select models*

SPEAKERS

Open air off-road environments are harsh and can be devastating to audio speakers. That's why Rockford Fosgate designs its motorsports speakers with materials and build techniques that withstand dust, dirt, water and UV. They deliver high quality sound for you to enjoy every time you hit the trails or dunes.

- + Coaxial and tweeter options
- + High efficiency, high output design
- + Marine grade materials
- + Multiple sizes from 6.5" to 8"

P R O D U C T H I G H L I G H T

PM2652W-MB

No matter how rough the ride might be, the Punch PM2652W-MB speaker enclosures are designed to stand up to the bumps and bangs of the trail, all while delivering high quality sound. The 359 degree clamping system allows you to mount them to your cage and point the music exactly where you want it.

RM1625B

These RM1625B Prime 2-way speakers are the perfect audio addition to any SXS. Whether you are mudding or hitting the dunes, they produce great sound at full speed. Don't worry about getting them dirty, simply get your hose and wash them off.

P R O D U C T H I G H L I G H T

T1S2-10

Big bass doesn't always need to come in a big package. The T1S2-10 Power slim series subwoofer still delivers full size sound. Because of its slim design, it's easy to mount when you are tight on space.

RM110D2B

The RM110D2B Prime subwoofers are developed to stand up to whatever you throw at them, including mud and sand. This ultra-efficient sub delivers the bass when you need it most, creates big system sound, without the big system power.

SUBWOOFERS

Rockford engineers its woofers to produce high output bass without crumbling when exposed to the elements. With a variety of sizes and styles available, you can easily build a system to complement your off-road vehicle.

- + Designed for high output capability
- + Torture tested to ensure long life and performance
- + Engineered for exposure to elements
- + Multiple sizes from 8" to 12"

Rockford Fosgate strives to deliver the best audio experience no matter what you drive. Visit: www.rockfordfosgate.com to learn about all the audio systems we provide.
